

## IMPLEMENTATION OF A QUALITY ASSURANCE PROGRAM (WORKSHOP)

**LECTURER:** Mr. Richard W. Barnes, P. Eng.

**DATE:** Aug 24-25, 2020

**LOCATION:** ANRIC Enterprises Inc., 701 Evans Ave., Suite 202, Toronto

**FEE:** Register four weeks before and pay at time of registration:

**\$1,495.00** (pp/plus HST)

**Registrations received within four weeks: \$1,645.00** (pp/plus HST)

### OBJECTIVE:

This course is run as a workshop where participants will review examples of Code documentation and discuss its meaning.

- Typical examples of the various elements are examined in the Code documentation.
- Their nature and the role they play in ensuring implementation of the Code requirements are discussed.
- Participants are encouraged to share their own company's experience.
- Suggestions for improvement can result as a natural outcome from this discussion.

**CONTENTS:** A one day course consisting of the following:

- The concept of implementation will be defined and reviewed.
- The role of the QA Manual will be examined.
- The Section III Code requirements require documented evidence be provided. The different types of document are examined.
- The Code requires that 18 elements be addressed. This section reviews typical examples of the types of requirements to be met.
- SEC III technical requirements must be addressed. This section reviews examples of these requirements.
- Review the requirements to be met by the demonstration unit.
- Review the preparation steps for the Implementation Audit
- Review the steps required to file the Application for a Survey
- Review the steps needed to prepare for the Survey
- Conclusion and Checkout

### EXPECTATIONS:

1. At the end of the class the participants will have obtained and understanding of the elements required to implement and effective quality assurance program for construction of pressure retaining components
2. This comprehension will be tested by a checkout for which an 80% mark will be required to demonstrate successful completion of the course

### LECTURERS:

**Mr. Richard W. Barnes** is the Principle Engineer at ANRIC Enterprises Inc. and has been actively involved for over 30 years in the development of the ASME and CSA Codes and Standards associated with Pressure Boundary for both nuclear and non-nuclear power plants. Mr. Barnes leads the team at ANRIC Enterprises Inc that offers technical assistance for companies registering Pressure Boundary products, and provides expert consultation on the application of the various pressure boundary codes. The ANRIC team also develops and delivers training on both the CSA and ASME Codes and Standards for delivery on-site at the ANRIC Learning Centre and off-site at the clients' premises. Mr. Barnes sits on various code committees responsible for the development of Codes and Standards. He is the past-chair and member of the ASME Standard Committee of the BPV III, which is responsible for the development of Section III of the ASME BPV Code; past Vice-Chair and member of N285A Technical Committee on CANDU Nuclear Power Plant Systems and Components, member of the B51 Technical Committee on Boilers and Pressure Vessels, and member of N286 Technical Committee on Overall Quality Assurance for Nuclear Power Plants of the CSA Standards Committee; and member of ASME B16 Standards Committee of Standardization of Valves, Flanges, Fittings

and Gaskets and member of the Subcommittee responsible for development of the B16:34 Standard . Mr. Barnes has received the ASME Dedicated Service Award and the highest ASME Nuclear award, the Bernard F. Langer Nuclear Codes and Standards Award in recognition for his contributions to the nuclear industry. In 2007, was elected to the ASME Grade of Fellow. In 2009, Mr. Barnes received the CNA Outstanding Contribution Award and in 2011 the CSA Award of Merit.

#### IMPORTANT INFORMATION:

**PAYMENT:** Full payment is due at time of registration. Payment can be made via credit card (VISA, MasterCard or American Express), cheque or money order. **PLEASE NOTE:** Payment is non-refundable.

**CANCELLATION POLICY:** Cancellation must be received in writing 7 days prior to course start date. If cancellations are made after that date, the cancellation fee will be 50% of the course cost. You may send a substitute. Notification of a substitute must be received at least 48 hours prior to the commencement of the course or a cancellation fee will be charged. **PLEASE NOTE:** The cancellation fee can be discounted towards any future course taken at the ANRIC Learning Centre.

**FOOD AND BEVERAGE:** At the start of the day juice, fruit, pastries, coffee and tea will be provided before the course. Coffee and Tea will be provided at mid-morning break, including pop in the afternoon and lunch will be provided. Please indicate when you are enrolling for the course if you have any specific food requirements. Every effort will be made to accommodate your needs in this area.

**COURSE TIMES:** Registration begins at 8:00 a.m. The course will begin at 8:30 a.m. and conclude at 4:30 p.m.

**DRESS:** Please dress so that you will be comfortable. It is prudent to dress light and bring a light jacket in case you need it during the course. The tolerance to temperature varies for people and sometimes room temperature acceptable to the majority may not be right for an individual.

**PARKING:** There is parking available for a fee of \$5.00 per day. There is parking at 701 and 703 Evans Ave.

**ANRIC Enterprises Inc. specializes in courses of calibre to industry by providing lecturers who have recognized expertise and who are involved with the development and application of Codes and Standards.**

ANRIC Enterprises Inc. reserves the right to cancel any course and/or change lecturers.
